Skills:

HTML, CSS, Javascript, React, Node, Express, Django, Python, Typescript, Bootstrap, Material

Git, Github, Heroku, AWS, Command Line

SQL, PostgreSQL, MongoDB

Education:

General Assembly
2022
Software Engineering Immersive Graduate

University of Texas
2021
Graphic Design Certificate Program

University of Texas
2014-2018
B.S. in Film
B.A. in Philosophy

With a background in film production, I thrive in a collaborative environment and enjoy problem solving on the fly. I aspire to use my technical knowledge to build programs that improve our interactions with art, ourselves, and with each other.

RELEVANT EXPERIENCE

Software Engineering Fellow, General Assembly
Remote // October 2022 - January 2023
12-week, 500+ hour immersive program focused on software engineering and CS fundamentals. Learned to build full-stack applications from the ground up using key languages and frameworks. Wrote high-quality Javascript and leveraged libraries like React to build dynamic user interfaces. Managed the design and development of multiple projects, including:

- WSHLST - Designed and implemented back-end authentication and relational database models for user accounts where visitors can add, share, and discover gift ideas. (React, PostgreSQL, Django)

- SoundCache - Built full-stack sound bite collection site where users can browse audio samples pulled from an external API, add them to collections, download sounds, and more. (React, MongoDB, Express)

- Unravel - Utilized creative algorithms and randomization to deploy a generative music application which propagates spontaneous soundscapes and delivers lush computer generated visuals. (React)

Supply Chain Integrations Coordinator, Thrive Pet
Austin, TX (Hybrid) // June 2022 - September 2022
Effectively collaborated with a team of engineers to simplify and update the online marketplace. Used technical knowledge and critical thinking to compile and organize data for website migration projects.

Analyst, Texas Rent Relief Program
Austin, TX (Hybrid) // April 2021 - September 2021
Processed applications and determined eligibility for rent assistance applicants. Guided applicants through the process of updating and compiling application materials for a better chance at qualification. Spoke with landlords to delay eviction process and secure past due balance.

Costumer, Various TV and Film Projects
Austin, TX and Los Angeles, CA // May 2018 - June 2022
Sourced costumes, managed fittings, and oversaw continuity and care on set for all things wardrobe on projects including *Fear the Walking Dead* (AMC)*, Walker* (The CW)*, Clock* (Hulu), and various additional commercials and narrative content.
